OTHER POLICIES:

Policies regarding child safety (abuse, abduction, biting, disasters, incompetent transportation, intruders, poisoning, and unauthorized access) are written in detail in the policy manual. All staff members are orientated on procedures yearly. Staff is also trained and current in mandatory reporting of child abuse and blood borne pathogen disease control requirements. Yearly continuing education classes are required of all staff to encourage excellence in teaching and caring for your child.

MISSION AND CORE BELIEFS

The mission of Wee Blessings is to embrace each child as a unique and precious creation from God. We commit to provide an environment that displays the love of Jesus Christ to every individual.

Wee Blessings provides preschool-aged children with a child-centered environment that encourages learning through creativity, movement, singing, discussion, observation, reading, and playful experiences. Our desire is to guide children as they grow in their knowledge of our Lord and Savior, while establishing a solid foundation that cultivates a lifelong love of learning.

The **3-year-old class** provides a safe and exciting First Adventure to School. Christ is put in the center of all we do as children are given the chance for multiple learning experiences throughout the school year. This is a great precursor for the **4-year-old class**. Students learn valuable skills to take with them during the school years ahead, as well as learn about our awesome and amazing God!

The **4-year-old class** goes on an adventure through the alphabet. Children look forward each week to learning a new letter and sound, as well as a Bible character trait as they explore God's amazing world from apples to zebras in the Ultimate Alphabet Adventure.

DISCIPLINE

05.

If a child misbehaves at preschool, he/she is given verbal instruction in appropriate behavior. The staff members may redirect play or separate children as necessary. If verbal correction and play redirection are not effective, the child is given time in the thinking chair. (A child sits quietly for a short period of time). A parent is notified to pick up their child if misbehavior continues. Staff supervises play and may join in to encourage appropriate play. Inappropriate behavior includes: shouting, fighting, playing roughly with toys, throwing toys or hurting others.

DISCHARGE

06.

If at any time, the preschool determines it is incapable of meeting the child's individual, academic or behavioral needs, a parent conference will be held and it may be necessary for the child to leave the program in order to find a more suitable learning environment.

DISASTERS

07.

The fire and tornado disaster policies are posted in the classroom. Parents are notified in the case of a disaster and told where to pick up their child. Fire and tornado drills are held each month according to the plans described in the policy manual.

PARENT HANDBOOK

All parents should read through the parent handbook before classes commence. Children with fevers may not be given medication in order to mask the fever. Please contact the teacher prior to the start of class if your child will be absent due to illness or other reasons. If a child becomes sick and/or feverish while at school he/she is isolated and parents are notified to pick up their child. Parents are notified if a contagious disease is spreading throughout the preschool.

ACCIDENTS

09.

Medical advice is secured from the Orange City Area Health System for accidents requiring medical attention. Parents are notified as soon as possible if medical attention is required. One staff member comforts, cares for the child, and administers first aid while the other staff member calls the child's parents and the doctor or hospital (if necessary). All staff members are First Aid and CPR certified.

If a dental emergency arises, the appropriate first aid measures are taken and the child's parents are notified. The child's dentist is contacted if the incident requires it or the parent requests it.
